Science, University of Madras

**PROJECT TITLE**

# Saravanan's Portfolio Project

# AGENDA

1. Problem Statement
2. Project Overview
3. End Users
4. Tools and Technologies
5. Portfolio design and Layout
6. Features and Functionality
7. Results and Screenshots
8. Conclusion
9. Github Link

# PROBLEM STATEMENT

Small-scale businesses often struggle to reach customers online due to a lack of affordable and customizable e-commerce platforms. This project aims to build a responsive, user-friendly, and easily manageable e-commerce website for local businesses to sell products online without depending on third-party platforms.

# PROJECT OVERVIEW

This project is a personal **portfolio and resume website** designed and developed to showcase my skills, educational background, and contact information in a clean and professional layout. The website serves as a central hub for potential employers, clients, or collaborators to learn about my technical expertise and get in touch.

The primary goal of the project is to present myself as a **front-end developer** with strong knowledge in **HTML, CSS, and Python**, and to establish an online presence that reflects my personality and professional aspirations.

# WHO ARE THE END USERS?

## **Recruiters and Hiring Managers**

To assess my technical skills, educational background, and suitability for job roles in web development.

## **Freelance Clients**

Individuals or businesses looking for a front-end developer to create responsive, user-friendly websites.

## **Internship Coordinators / Academic Reviewers**

Professors or companies reviewing my profile for internships or academic projects.

## **Peers and Collaborators**

Other developers, designers, or students who may be interested in connecting, learning, or collaborating on projects.

# TOOLS AND TECHNIQUES

- **HTML5, CSS3** – For structure and styling
- **Python** – For scripting or backend logic
- **VS Code** – Code editor
- **Git & GitHub** – Version control and hosting
- **Responsive Design** – Mobile-friendly layout
- **Clean UI/UX** – Simple and user-focused design

# POTFOLIO DESIGN AND LAYOUT

## ◆ Layout Highlights:

**Header Section:** Your name and professional title, creating a strong first impression.

**About Section:** A brief intro with personal details and education.

**Skills Section:** Visual progress bars showing your proficiency.

**Contact Section:** Phone, email, and location info, making it easy to connect.

## 📱 📺 Design Approach:

**Responsive Design** – Works across mobile, tablet, and desktop screens.

**Consistent Colors & Fonts** – Ensures a cohesive visual identity.

**Simple Navigation** – Makes it easy for visitors to explore your profile.

# FEATURES AND FUNCTIONALITY

- **Responsive Design:** The portfolio adapts seamlessly to all screen sizes including desktop, tablet, and mobile.
- **Clear Navigation:** Smooth scrolling between sections for easy browsing.
- **Skills Visualization:** Progress bars to showcase proficiency levels in HTML, CSS, and Python.
- **Clean Layout:** Minimalistic design focusing on readability and user experience.
- **Contact Information:** Easily accessible phone number and email for quick communication.

# RESULTS AND SCREENSHOTS

**Home/About Section** — introduces me and my background.

**Skills Section** — displays proficiency levels with progress bars.

**Contact Section** — shows easy access to my email and phone number.

# SARAVANAN

Web Developer

## About Me

Hi, I'm Saravanan, a passionate and dedicated web designer and developer , creating engaging, user-friendly websites and applications. I specialize in front-end technologies like HTML, CSS, and Python, and I'm always eager to learn new skills and take on challenging projects. I believe in clean, efficient code and designing digital experiences that not only look great but work seamlessly. When I'm not coding, I enjoy exploring the latest trends in technology and improving my craft. I'm available for freelance projects and open to exciting opportunities to collaborate and grow.

**Name:** SARAVANAN

**Birthday:** 22 february 2007

**Degree:** BCA

**Phone:** +93 73391 39037

**Email:** saravananjeeva443@gmail.com

**Address:** 123 Street, Tamil Nadu, India

**Freelance:** Available

# CONCLUSION

This portfolio is a simple but effective way to show who I am, what I can do, and how to get in touch with me. It reflects my skills in web development and my focus on creating clear and easy-to-use websites. I'm excited to keep improving it by adding more projects and features as I grow in my career. This site is just the beginning of my journey as a developer!
